- Good leader who seeks to be a product manager. My greatest strengths are problem solving, meeting deadlines, and critical thinking.
- NJHS
 - All members including non-officers are required to be 'leaders at the campus'
 - Here we needed problem solving skills, team collaboration, and good time management to be successful.
- Student Council historian
 - Student council officer. Responsible for advanced planning and money management.
 - Dedicated to fulfilling my role and did my job well.

Seeking to get a Master in Organizational Leadership (MSOL) at Grand Canyon university.

Seeking to learn Python so teams of software engineers can be better led by me.

- Good active listening, leadership, and task management.
- Gotten awards for AASA testing, got the best NWEA math score in 7th grade, and my average grade in the second semester of 7th grade was 101.
